June 12, 2002

11. Permit Issued Date:

April 9, 1979

11. B. Permit Transfer Date:

1990

SOLID WASTE FACILITIES PERMIT

SSWMB E-247 (REV. 10/77)

ENFORCEMENT AGENCY County Public Works & Public Health Dept's		COUNTY Siskiyou	PAGE 1	OF 2
FACILITY NAME Tulelake Solid Waste Landfill			SOLID WASTE FACILITY PERMIT NO. 47-AA-027	
OPERATOR City of Tulelake			PROPOSED 2-14-79	
FACILITY LOCATION Seven miles northwest of Tulelake in Sections 22&23			SSWMB APPROVAL 3-23-79	
T.48N, R.3E, M.D.B.&M.			ENFORCEMENT AGENCY APPROVAL 4-9-79	

FINDINGS

1. This facility is an existing 142 acre landfill separated into two distinct areas: (1) a 130 acre Class II-2 area wherein only 15.5 acres are actually being utilized for disposal purposes and (2) a 12 acre Class II-1 area used for the disposal of empty pesticide containers. Site life of the 15.5 acre Class II-2 portion of this site currently used for disposal of group 2 & 3 wastes is 9 years.

The trench method of operation is utilized. The site is operated from 10 a.m. to 6 p.m. all year. The site is closed on Tuesday, Wednesday, and all Federal holidays. Salvage operations are being conducted. Types of wastes received at the Class II-2 area of this site include:

- a. Residential and Commercial
- b. Tires
- c. Construction and Demolition
- d. Small dead animals

2. Salvaging is being conducted by the site operator. Design and operation of this facility are as specified by the Report of Disposal Site Information dated 12/12/78: that which pertains to the period immediately prior to August 15, 1977 is hereby made a part of this finding. There are no anticipated changes in design or operation within the next five years.
3. Land within 1000 feet of this site has no zoning.
4. This facility's design and operation are currently in compliance with the State Minimum Standards for Solid Waste Handling and Disposal as determined by physical inspection made in November, 1978.

This permit is granted solely to the operator named above, and is not transferable. Upon a change of operator, this permit is subject to revocation. Upon a significant change in design or operation from that described in this permit or in attachments thereto for the existing design and operation of a facility operating immediately prior to August 15, 1977, or from the approved intended design and operation of a facility which was not operating prior to August 15, 1977, or which herein is granted a permit modification, this permit is subject to revocation, suspension, modification or other appropriate action.

This permit does not authorize the operation of any facility contrary to the State Minimum Standards for Solid Waste Handling and Disposal. This permit cannot be considered as permission to violate existing laws, ordinances, regulations, or statutes of other government agencies.

ENFORCEMENT AGENCY

Siskiyou County Public Works & Public Health Departments

BY (SIGNATURE) 	TYPED NAME Jack W. Anderson/ R.W. Bayuk, M.D.
TITLE Deputy Dir. Public Works/Health Officer	DATE 2/14/79 44

No.5 Continued

This permit is consistent with the Siskiyou County Solid Waste Management Plan and with the State Minimum Standards for Solid Waste Handling and Disposal.

6. The following documents condition operation of this facility:

- a. California Regional Water Quality Control Board, North Coast Region; Waste Discharge Requirement No. 74-141.

CONDITIONS:

Requirements:

1. This facility must comply with the State Minimum Standards for Solid Waste Handling and Disposal.
2. This facility must comply with all federal, state, and local requirements and enactments.
3. Additional information concerning this facility's design and operation must be furnished upon request of the enforcement agency.
4. This facility must comply with all waste discharge requirements issued by the California Regional Water Quality Control Board.

Prohibitions:

The following actions are prohibited at the Class II-2 area of this site:

1. Disposal of hazardous materials
2. Disposal of liquid wastes in the landfill
3. Scavenging

Specifications:

1. A cover of a minimum thickness of six (6) inches of compacted material shall be placed over all exposed wastes at a frequency of once every forty-eight (48) hours and at the end of the operating day each Monday of the week.
2. No significant change in design or operation from that described in Items #1 and #2 of the "FINDINGS SECTION" is allowed, except for those changes which are required under the "CONDITIONS SECTION" of this permit.

Provisions:

1. By July 1, 1979 all areas of the site where open storage or ponding of hazardous materials occurs shall be separately fenced and properly identified.
